

- **Boat covers:** After 3 decades on the North Norfolk coast, we've become experts at keeping boats safe and sound. Unique one-off covers made by our team of craftsmen to fit all sizes, shapes, and makes of vessel.
- **Tarpaulins and covers:** If you want to keep the rain off it, we can cover it. From transport to agriculture to home and garden coverings, no job is too large or small. If it's worth protecting, it's worth protecting well.
- **Temporary Buildings:** Temporary structures, mobile or static, for storage, warehousing, livestock, or even to keep the rain off while you work, we can design, make, and install the right one for you.
- **Curtains and rollover sheets:** Extensive experience of serving the transport industry, individual fitting and consultation throughout the production process means peace of mind while your produce is on the road.
- **Lifting slings and lashing systems:** With our expertise in keeping things safe, it's no wonder we turned our hand to slings and lashing systems. We apply our knowledge of transport covers to produce the very best and safest. All made to measure, leaving you nothing to worry about.

Our Experience

With over 30 years of manufacture and repair from our North Norfolk workshop, EAC knows all about the elements and how best to protect its customers. Whether it's constructing a mobile shelter for a neighbour's livestock, mending a boat cover after a storm in Blakeney Quay, or designing a unique tarp for a vintage car, we combine traditional techniques and craftsmanship with *up-to-the-minute* materials and technology to produce the very best end result. Our knowledge of cutting, sewing, welding and printing is unsurpassed in the area and we are always on hand to offer customers our expert advice throughout the design and production process, and after purchase.

“ Whatever your needs, we've got it covered. ”
